ABOUT ME

An aspiring front-end web developer and constantly developing new skills and abilities. Focused in attaining knowledge and experience. Fascinated in creating and designing websites.

PROJECTS

YOUTUBE CLONE

- Created a youtube clone webpage using HTML and CSS grid layouts.
<https://github.com/janani-ob/youtube-clone.git>

PORTFOLIO USING ANGULAR

- Developed a portfolio using HTML tags and styling by Bootstrap along with angular components.
<https://janani-angular-portfolio.netlify.app/>

TEAM WORKS

- We a crew of 5 members named Dandelions successfully created and launched our team website.
- We learn, work and shine together.
<https://teams.spotknack.com/dandelions/>
- We are currently working on a real-time project 'WhatsApp Messenger'.
- This project is about making use of the WhatsApp Cloud API released by Meta(Facebook) and developing a SAAS application to broadcast messages for customer engagement and other marketing messages
